SENIOR PASTOR'S DESK

Happy New Month, welcome to the month of August

AUGUST 2026 - A NEW BEGINNING

WISDOM VS POWER

Integrating both wisdom and power allows an individual to go both far and fast in life.

Samson had enormous raw power but failed due to a lack of wisdom. Conversely, Solomon was deficient in physical battle power but excelled and went far purely through wisdom.

In Isaiah 11:2, out of the multiple dimensions of the Spirit, only one (the spirit of might) is power-related, while the others heavily emphasize wisdom, knowledge, and understanding. Additionally, Luke 2:52 shows that as Jesus increased in wisdom, he grew in status and found favor.

TYPES OF SIGHT

Wisdom brings multiple dimensions of perspective, or "sight":

- Insight: Needed to address "issues"—which are current situations requiring decisions before they escalate into "problems" or challenges.
- Foresight: Looking ahead.
- Hindsight: Checking the past to learn from mistakes and measure personal growth without dwelling or staying stuck in them.

BENEFIT OF WISDOM

- Multiplies Competence (makes you ten times better)
- Provides Stability
- Creates Irresistibility (makes you irresistible)

- Brings Deliverance
- Outmatches Weapons
- Produces life
- Helps you to balance things

THINGS TO BALANCE IN LIFE

- Beauty and Character
- Spirituality and Excellence:
- Competency and Confidence
- Prayer and Action
- Labor and Favor
- Contentment and Complacency
- Power and wisdom
- Mercy and justice
- Seed and bread
- Purity and wisdom
